year

Presentation of prizes for aggregate points in monthly floral competition
Address supported by slides by Dr C O Fuller.

Dr Fuller is a member of the Native Orchid Club of South Australia and
for approximately 10 years travelled extensively as a Medical Officer
attached to the Public Health Department throughout the Flinders Ranges,
Gawler Ranges, Everard Ranges and thr Musgrave Ranges.

The intention of this programme is to have an interesting evening at which
Club members can have a 'spell' from orchids and at the same time enjoy
a presentation of slides covering parts of South Australia in remote areas
renowned for their picturesque scenery and rarely visited. Some of our
members have seen this programme and it is highly recommended.

Disa uniflora - 'The Pride of Table Mountain'

The Club has on hand a limited supply of the above mentioned plant - a South African species. In the September 1983 issue of the Australian Orchid Review there is the comment 'Knowledgeable orchid folk rate Disa uniflora as the most beautiful terrestrial orchid in the world'.

These plants have been made available through the Australian Orchid Foundation and the opportunity to obtain one of these plants will probably not occur again for some time. Price \$10.

PLANTS OF THE ODONTOGLOSSUM/ONCIDIUM ALLIANCE

At the last monthly meeting there was considerable interest in a plant benched of the above alliance. The Club has on hand established plants for the trading table of:-

Vuyl. Celle 'Plush Dresden'

Priced at \$12.50 they are good value.
