PRESIDENT'S MESSAGE

Thank you to all members who helped at the Winter Show. Committee, once again an excellent job! Centre Management at Centro were very happy with how professional our Show was presented. John & Bev Gay won Grand Champion with their Hilda Poxon. Being an Australian Native, it only lasted a few days. Noel noticed it was the worse for wear and told Lucy. John and Bev had another one almost the same; phone call to Bev and they arrived 1½ hours later with the new orchid, placed it on the stand and a staff member walked by and asked how it was reincarnated. We all had a laugh at so many different comments from passers by. Thank you Bev and John!

The Plant House visit was a great success, with many plants finding new homes. Thank you to Sims Orchids, Valley Orchids and the Fisher Family for opening up their nurseries to us and giving such great advice on how they grow their orchids.

Spring Show at Arndale. I know for many it is a long way to go but this is our bread and butter Show which tides us over until the beginning of next year. Please support us and make it that little bit easier for Committee. Support comes in many different ways, showing your wonderful orchids in the display (this you all do very well and it is a pleasure for the Public to see them), support on the Trading Table (just 3 hours and I can promise it can be a lot of fun), telling your friends to go along and have a look, taking a pamphlet to put in a shop window or the back window of your car. Let's all make this a great Show.

Trestles – We will definitely have them for the September Meeting.

Committee would like to wish all the Members who are ill a very quick recovery. There are some very nasty viruses out there. Get well soon.

Good Growing and Showing,
Geoff.

Phone: 08 8349 730

Cobb & Co was founded by Colin Cobb in 1993 and is situated at 5/28 Maxwell Road, Para Hills West, as a Wholesale Horticultural & Garden supply company.

Due to ill health, Colin sold the business in 1995 to Rob Brooking. Rob's experience with companies such as Golden Fleece Oil Company, Berri Fruit Juice and Anchor products gave him a good grounding for this business.

Cobb & Co products are as diverse as chemicals and fertilizers, pots, hardware tools to pool supplies and everything in between.

Cobb & Co do sell to Garden and Orchid Club members and our trading table is stocked with some products from Cobb & Co as they realize that most Clubs need to do fundraising to support their organisations.

BUS TRIP

Once again rain was forecast. Eight Members from Southern Regional Group started the journey down to Sims Orchids, rain all the way, but it didn't deter them. Once arriving at Noarlunga Downs, no rain and a great day had by all Members.

Moss and Rosemary, as usual, greeted us and there were lots of hints shared on how to grow orchids. Chocolate biscuits and Geoff's scones for morning tea. A few members had afternoon appointments, so after saying our goodbyes to Moss and Rosemary, we started our journey down to Valley Orchids. NEDOS had a plant visit at Valley's in the morning so upon arrival we all had a chat with fellow orchid growers. Chef Geoff, Mark and Paul cooked the BBQ, and Graham gave a talk on his favourite topic - Orchid Culture.

Then, onto Fishers' nursery. Tony, Lyn, Mark and Lee all made us very welcome. Their nursery is a credit to them. With all hands on deck, they have made a water reclamation system. Lyn and her neighbour made a wonderful afternoon tea that we all enjoyed. Many plants found new homes and I'm sure we all learnt a lot from each other.

Thank you to all abovementioned and to you the members who helped to make this day possible.

Daytime Group Report

Hi Everyone,

Our Guest Speaker today was Mrs Jane Higgs, telling us all about her growing conditions and what she does to compensate for the ups and downs of very changeable weather conditions in her area at Myponga, using fans and heating for the orchids. Over the years she has made many changes to the housing of the orchids, always extending these as the orchid collection just keeps on getting larger. I think we can all relate to this as we all seem to have the same problem. A problem I myself don't mind as all the orchids are beautiful, you just can't help yourself. Jane is a great speaker, and did an excellent job. We all thoroughly enjoyed her talk and are looking forward to her next visit to us, which will be on the Phragmipedium Orchid, a tropical American Ladies Slipper Orchid. Jane is quite happy to give this talk at the request of our members.

Apologies today, from Mr Peter and Mrs Geraldine Flavel, Mrs Joan Kelly and Mr Don and Mrs Audrey Biebrick. Hoping to see you all again soon.

Mrs. Joan Kelly was the winner of the lucky squares raffle I was running, a lovely bottle of red Merlot with lots of other goodies in a cane carrying basket. Congratulations Joan! I hope you enjoy the contents. Thanking all who participated in this money raising venture.

Our display table today was well stocked with orchids of all genera, all very well grown and presented. It's a credit to you all, well done. A paphiopedilum with three flower spikes was voted best in the display by popular vote. This plant was grown by Mrs Maureen Zoladziewski. Unfortunately this plant was un-named and purchased this way, but has always grown and flowered beautifully each year. Congratulations Maureen, well done.

After overcoming a few minor problems, our meeting was closed after another great day. Afternoon tea was then enjoyed by all.

Thanking all in attendance.

Bye,

Dorothy

Southern Regional Group

The Southern Regional Group Show is always an exciting event and what a great venue at the RSL Hall, 27th August to 30th August 2009. The RSL has been kind enough to allow us one extra day.

Thursday, 27th August 2009

8.30 a.m. Set up hall

9.30 a.m. Put in plants for judging

10.00 a.m. Judging – Judges: Noel Oliver, John Gay and Colin Campbell.

12 noon Open Show – Close 5.00 p.m.

Friday, 28th August 10.00 a.m. to 5.00 p.m.

Saturday 29th August 10.00 a.m. to 5.00 p.m.

Sunday 30th August 10.00 a.m. – Take out 4.00 p.m.

Councillor Pat Chigwidden has accepted our invitation to visit the Show at 3.00 p.m. on Thursday 27th August to present the Grand Champion Trophy to the winner and the Times and the Argus will also be there to take photos and write an article on the Show.

Stephen Basoli has kindly offered some of his ferns to put into the display, thank you.

Geoff will bring extra orchids if necessary. Please look and see if you have plants to sell on the trading table. Geoff and Lucy have also ordered some great plants of different genera for the trading table.

Next year, Judges and Committee are looking at having 1st and 2nd Division Judging for the Southern Regional Group. This will be exciting.

A get well soon to all members with one of those horrible viruses.

Iris our thoughts are with you.

WANTED: AUDIO PERSON

We have not had an audio person since Norm Gitsham retired some 18 months ago. A qualified person who is able to operate our sound system, adjusting the microphone to each speaker etc. is needed. Please call Lucy on 08 8381 4420 if you can help.

Pencillers' Course

Could anyone interested in joining the Pencillers' Course later this year please ring Lucy Spear on 8381 4420

THANKYOU

We are grateful to the Onkaparinga Council which provided and approved the Grant that the Committee lodged for Crowd Control Barriers, which we used at our Winter Show at Noarlunga Centro. At the presentation, attended by the President and Secretary, the Mayor, Lorraine Rosenberg, spoke of the Conference and how many people attended the Noarlunga Centre last year. She explained how bollards are necessary to protect the orchid displays and passersby.

Thank you to the Onkaparinga Council and the OKAL Manager, who made these bollards a reality for the Club.

Members please try and support Alan Foster who made these excellent bollards. The actual cost was way above his quoted price but he has kindly donated the cost difference as a gift to the Club.

Plant Commentary, August 2009 Meeting.

Flower of Open Division and Flower of the Night:

Dock. teretifolia grown by Peter and Geraldine Flavel. A well grown example of this Australian native species, the plant was of medium size with many Inflorescences, mainly carrying 6 flowers. Sepals and petals cream-white and fine red spotting around the frilled edge of the white reflexed labellum

Flower of First Division:

Den. (Steven x teretifolium) 'Black Pam' grown by Heather Engelhardt. A large well grown plant with a good number of inflorescences generally carrying around five flowers each. Flowers were 30mm across and 25 mm tall. Sepals and petals were cream with maroon stripes and the cream labellums were finely spotted maroon. The *Den. Steven* parent has the New Guinea species *Den. fulginosum*, so it is judged as an 'any other Dendrobium hybrid' even though there is Australian species in its background.

Flower of Second Division:

Cym. Baltic Glacier 'Mint Ice' grown by Vicky Cooper. A well grown plant with a single inflorescence. A very attractive display.

Grand Champion and Champion of Open Division:

Den. Hilda Poxon 'Ern 2' grown by Bev and John Gay. A large well-grown specimen plant of Hilda Poxon with many inflorescences. The clean yellow flowers were large, well displayed out of the foliage and complemented by the contrasting cream-white labellum with red at the base.

Champion of First Division:

Dock. teretifolia grown by David and Kay Cammack. A floriferous medium to large sized plant of this Australian native species, flowers well displayed and cascading down from the base of the plant. Sepals and petals white with pale cream on the reverse at their bases. The white labellum was lightly dusted along the edge with fine red spotting.

Champion of Second Division:

Cym. Valley Olympic 'Pink Perfection' grown by Joy Grund. A well grown plant of this clone with the inflorescences displayed out of the foliage. The pink flowers had good filled in shape with rounded sepals and petals, these segments being complemented by the white labellum spotted and shaded around the edge. The column was pink with a white pollen cap.
