PRESIDENT'S MESSAGE

Thank you to members and committee for all the hard work put in at the Autumn Show, especially to John Gay for stepping in when Ian Attenborough was unable to attend on Saturday. When Ian did see the display, he was impressed with the quality and how many mixed genera were put into the Show. Thank you members. We opened with a great trading table but it was difficult to replenish. There were many phone calls to members and interstate but they were in vain. By Thursday we were struggling, although we still had some non flowering orchids for sale. Not to worry, we still had the same sales as 2011 and same profit. Had the selling plants been around we would have exceeded last year, it was not to be. Congratulations to Trevor Stutley, Grand Champion. What a magic orchid. Congratulations to all Division growers and Other Genera who won Champion Ribbons. You are all winners for growing such wonderful plants and sharing them with the general public and other members.

Winter Show at Hallett Cove. The management are generously donating money for cash prizes in addition to what we give out. What a great incentive to show your plants! They are also paying for a great amount of advertising. Plus we have 3 sites – one just to show off the Champion Orchids. Thank you Hallett Cove Management.

Our Club is very well represented this year with the Judging Course, wonderful to see you attending and so very excited about your projects.

Ron Yates gave us all a great presentation on Oncidiums, a few members on the night asked Lucy for his return visit. Thank you Ron.

July will be another exciting meeting for you, don't miss this one. 47th Birthday BBQ and birthday cake. Steve Howard our guest speaker (another one asked for a return visit) and the draw of our Lap Rug.

Gazette will arrive a bit early next month with more info about our Winter Show.

Good growing and showing,

Geoff.

DAYTIME CHAPTER

Hi Everyone,

Our guest speaker today was Mrs Wendy Lodge, a valued member of our Judging Panel at S.C.O.C. who put together a Power Point Presentation of quite a number of Orchids that have been awarded during her Judging Course. This presentation showed us many different types of flowers that we very rarely have the pleasure of seeing in South Australia, unless you have hot house conditions. The majority of the chosen flowers and plants all seemed to require very high humidity, the colours and shapes of all the flowers were very beautiful and unusual, all great to see. So thank you Wendy, for sharing this with us all. Well done. Congratulations once again on the great job you and your team did at the S.A.R.O.C. Fair last week-end, the displays were all beautifully presented, and everything else ran smoothly. Well done.

Apologies today from George and Pat Abel, Audrey Biebrick, Pauline Vlachios, Josephine Ograwsky, Peter and Geraldine Flavel. We missed you all and hope to catch up again soon.

Our Display table had some very nice plants on show, all very well grown and presented. Lucy, Geoff and myself brought along our new treasures (bought at S.A.R.O.C. Fair) to share and enjoy with the members. Mr. Don Biebrick's plant, a lovely Cattleya Lc Golden Wax 'Wu' with lots of smaller shaped Orange flowers (Don thought it should have had more sun to bring out the colour, unfortunately he doesn't get much sun in his growing situation,) it was still lovely to see and the members voted it best on the day. So Congratulations Don, well done. Thanks to each of you who brought plants in.

The guest speaker for next month will be Mrs Lesley Gunn, who will be showing us a Power Point Presentation of the Orchid Conference in Singapore that took place earlier in the year. Lesley's talks are always well received by all.

It's our Birthday Month also in July 47 years in operation, so could you all bring in a plate of goodies to share with us for afternoon tea. Thank you.

The meeting was closed, after another great afternoon. Thanking all in attendance.

Bye Dorothy,
82771793.

Guest Speaker Wendy Lodge receiving her gift from Daytime Convienier Dorothy Carassi.

Meeting Sunday 17th June 2012

Beginners' class:

Geoff spoke about the visit to Moss and Rosemary Bray's on 15th July next month (same day as S.R. Group meeting) the new mericlone Moss has and general info. on what to look out for while visiting. Also spoke about S.R. Group Show from 2nd to 5th August. How to generally look after your plants and how to stake to get the best out of your plants for showing in good presentable condition.

The President opened the meeting at 2.00 pm:

He thanked John and Bev Gay for all their help at the last meeting and welcomed back most members who have been on the sick list. Dave Douglas-Martin is still far from well.

Guest Speaker:

Geoff welcomed Jane and Don Higgs. As our guest speaker Jane gave a very interesting Power Point presentation on the Singapore Orchid Conference. Thank you Jane. It is great to be able to see Conferences from overseas, certainly an eye opener.

Apologies: Colin Campbell, Elsie Clifford and Cliff Wegener.

Jane Higgs giving her presentation on the Singapore Orchid Conference.

June Plant Commentary

Flower of First Division and Flower of the Night: *C. Portia* 'Cabizro' benched by Denise and Ian Attenborough. A large plant with many canes, many of which are still carrying leaves. Generally only one new cane is produced from the previous cane but this year each of the two canes produced two new canes. It also produced about double the number of flowers per inflorescence of previous years, two canes with fifteen flowers and two with fourteen flowers, all of which were arranged around the stems. The flowers were approximately 70mm tall and wide being deep pink with a slight lavender tint.

June Plant Commentary (cont.)

Flower of Open Division: *Onc. Pulinatum* benched by Gerald Voskamp. Another well grown oncidium plant bearing two inflorescences, one with almost all flowers open and the other still in bud. The open inflorescence was multi-branched and cascaded over the pot. The flowers were 30mm tall by 20-25mm wide. Some of the flowers reflex to a degree which is normal for the species.

Flower of Second Division: *Onc. Sharry Baby* 'Sweet Fragrance' benched by Oui Ju and Michael Willoughby. A well grown plant with a single upright inflorescence with twelve side branches carrying numerous fully open flowers 40mm tall by 30mm wide. Sepals and petals were very deep maroon with a glossy surface. The labellum was maroon near the centre and white around the outer segments.
