SPECIAL DISPLAYS AT BOTH WINTER AND SPRING SHOWS.

Consideration is being given to featuring at both shows a spec-
ial exhibit arranged on the 'shapes' available at Colonnades
and supported with limited greenery, cymbidium plants which
will convey to the general public and orchid lovers an apprec-
iation of the hybridists contribution to introducing new cul-
tivars within the genus 'cymbidium.' The Club will arrange
for each plant exhibited to have a special card bearing the
collective (grex) name, cultivar epithet, the year of registra-
tion and the name of the hybridist. As examples at the Spring

tivar epithets. e.g. San Francisco 'Meadow Mist'; S.F 'The Beat'
2. Plants which have been converted to tetraploid and which
can be placed alongside a similar plant not converted.

All plants so exhibited will be eligible for a prize and mem-
bers who feel that they can assist in entering plants are re-
quested to write the names of the plants on the reverse side
of the sheet for the Winter Show. Members DO NOT have to pro-
vide the year of registration etc. Remember Swallows, Samarkands
and the like all contribute.

SPECIAL DISPLAY AT WINTER SHOW ONLY MINIATURE CYMBIDIUMS.

The rules of judging provide that in judging miniatures THE
