MONTHLY MEETING

ISSUE NO 6

JULY 1980

The next Monthly Meeting of the Club will be held on TUESDAY
8 JULY at 8 p.m.

PROGRAMME

Dr. R I B Francki of the Waite Agricultural Research Institute, University of Adelaide will address the Club on the subject of Virus Diseases in Orchids.

Dr Francki is a well known plant pathologist and a world authority on virus diseases of plants. The Club is very fortunate to have such an authoritative person as a guest speaker and all Club Members are urged to attend.

NEW MEMBERS.

It is with pleasure that we welcome the following new members:--

Mrs P L Moreland 27 Richards Drive Morphettvale 5162
Mr & Mrs W J J Morgan 18 Maturin Ave, Christies Beach 5165
Mr D L Hollitt Clarendon 5157
Mr M King The Vines Caravan Park, Byards Rd Reynella 5161
Mr D J Wallis, 9 Light Rd, Coromandel Valley 5051
Mr P V Hill 48 Ormond Avenue Daw Park 5041
Mr & Mrs M Cirillo 73 English Ave, Clovelly Park 5042

PLANT COMPETITION

Preliminary notice is given that the Club will be conducting plant competitions in Cattleya and Zygopetalum genera with the issue of plants in September - details later.

HELPFUL HINTS.

Now that the buds are emerging on the cymbidiums, care must be taken to bring the flowering results to the stage which will catch the judges eye at the Spring Shows. Keep giving plenty of water to flowering cym and as you place the plant in its flowering position point the spike (or stronger spikes on large plants) to the north. This is also a good time for the plant to receive a sprinkle of Disyston or similar preparation to keep sucking insects away, especially the aphids. Aphids seem particularly attracted to whites, pastel colors and pure colour cym.

By now you should have ceased watering all deciduous orchids (nobile-type Dendrobiums etc) until new growth is apparent in the Spring time. An occasional overhead spray is the only requirement necessary to keep them progressing.

VISITS TO GROWERS.

Preliminary advice is given that in the month of August it is intended to arrange visits to growers.

WINTER AND SPRING SHOWS

Floral Art

LIAISON MEMBER TO GENERAL COMMITTEE Mrs LOIS HANSEN
INSTRUCTOR:--MRS IRIS HUTCHINS.

MONTHLY MEETING

The next Monthly Meeting will be held at the Lutheran Church Hall Windsong Court Christies Downs on TUESDAY 1 JULY at 7.45 p m.

As this meeting will be the last one before the Winter Show it will take the form of a mini-show so for Homework bring your Show arrangements along and set them up as you would for a Show. If there is anything in any class you are not quite sure about time will be set for you to ask questions on same, especially those that will be showing for the first time.

Work in class, Modern Arrangement applicable to any class on the Winter Show schedule .

Demonstration:- Not more than 5 flowers.

SPRING SHOW.

By now you would have seen the Show Schedule published in last month's Gazette. Will you please note in the Open Division that the 3rd arrangement 'Dry & Sweet' should have read:--

Arrangement in 2 containers (can be used separately or together) in a niche, Sweet and Dry.

Notes on this Class

Firstly 2 containers must be used, but they may be used as one by joining the materials used in the arrangement in such a way as to form one arrangement or they can be used separately as 2 arrangement.

Sweet and Dry:-- This class gives you a very wide scope for both materials and design. If using the 2 container as one you can combine endless types of dried material with orchids which look quite sweet. And using the two containers separately, one arrangement could be a dried arr. and the other just a sweet arrangement.

CORRECTED SPRING SHOW SCHEDULE.

Division 1.

Interpreting a 1st Birthday

Modern arrangement

Using not more than 5 flowers.

Open Division

Composition in a niche

3 feet long 1st Birthday

Using not more than 5 flowers.

Arrangement 2 containers (can be used separately or together - Sweet and Dry.
