**NEW MEMBERS**

Welcome to the Club  
Mr. Bob Cross

**ORCHIDS AUSTRALIA PUBLICATIONS**

Orchids Australia ( official Publication of the Australian Orchid Council) a Bi Monthly publication, is available from the Treasurer, at a cost of \$6.50. The number of members purchasing this magazine is dropping, After discussing this matter the committee has agreed that we will only purchase those that are actually wanted. We will continue to provide a copy for the library.

If you would like your bi monthly magazine ordered through the Club in place of having your own subscription, please advise the Treasurer, who will place an order for you. The Club makes a small percentage on the sale of these periodicals.

### ***Dracula bella 'San Carlos'***

This species is found in the western Cordillera of Colombia in what is left of the virgin forests in that area. There are about 90 varieties of *Dracula* and were originally treated as *Masdevallias*.

This species is supposed to be relatively easy to grow in a moist, well ventilated, shady cool, greenhouse. I grow my *Draculas* in sphagnum moss in those holey pots used by hydroponics people. They hang at the lowest spaces in my *Cattleya* house (about the third layer of plants down from the roof)

## **MESSAGE FROM YOUR PRESIDENT**

### **FROM THE LAST MEETING:**

Members provided an interesting array of plants on the bench with many genera that we do not often see on the benches, while the members were down, the quality of plants benched was of exceptional quality. Congratulations to the winners, details of the Competition Results later in the bulletin.

Ron Parish, guest speaker, gave us an interesting and informative talk supported by power point display of picture of various species. Ron has advised that the CD Rom of the slides will be made of his talk for Club Library Records.

### **TO THE FUTURE:**

The Club will have, in the future, a video cassette available for members to borrow on the following subjects – potting of orchids and virus in orchid plants. We will keep you posted when available.

Two members of the Club have been given the authority to obtain expressions of interest by the Public and Orchid growers as to the formation of aims of the Club:- these being formation of a club dealing especially with species orchids and the latter a deep south group of the Club catering for people who do not wish to travel a long way to the city.

The members concerned are R. Parish re species and T. Garrad the southern arm. The committee has given both ventures permission for the studies to be undertaken within the following parameters – that these groups are too viable and not to the detriment of the parent Club. See pages 13 to 16

Our Club will have available a CD Rom in colour of all the past 15 monthly gazettes for sale to members. We will keep a copy of above CD Rom in library for record purposes. Expression of interest are sought of members who would like a copy.

We are currently looking for venues in shopping centres for shows in 2002. The areas selected to negotiate for are Colonnades, Woodcroft and Pasadena. Pasadena has already asked us to do further shows at their venue.

The time has come for consideration of committee positions for year 2002. Nominations will close at December meeting. Positions vacant will be for President, 2 Vice Presidents, Secretary, Treasurer, 3 Committee positions. Existing members are eligible for re-election with exception of S. Monkhouse who for busi-

ness commitments cannot continue. Please give serious thought to making a further contribution to your Club's future by nominating for a position on the Committee. See page 17 for nomination forms. Congratulation to those Student Judges who are now fully accredited A.O.C. judges.

M. Baulderstone  
President.

### **Monster Christmas Raffle**

Remember to bring a suitable item to donate to the raffle at the December Meeting.

### **Video Projector Hire**

Ron Parish Has a quality Video projector available to Orchid Clubs for casual hire on the basis of one hour usage per occasion for a cost of \$50.00  
If you require more detail contact Ron

### **Glasshouse for sale**

Tony DeLonno has an '8 x 6' house for sale.  
If you are interested contact Tony direct on 8296 2277

### **New interest groups within the Club**

The Club is testing the feasibility of creating two special interest groups within its realm. They are

- 1 a species group
- 2 a southern areas group

**Attached commencing page 13 are details of the project.**

We are looking for a registration of interest from Club members and their friends and acquaintances. If you would like to be involved in either or both these groups or want more information please contact me.

The Committee of your Club sees the formation of these groups as being particularly beneficial to the Club, with increased membership and the opportunity for far southern areas people to get to a meeting without having to travel great distances. All the Club infrastructure is already in place.

Both groups are expected to be run on similar lines as the Daytime group.

Ron Parish

**16<sup>TH</sup>. AUSTRALIAN ORCHID COUNCIL CONFERENCE AND SHOW  
ADELAIDE – SOUTH AUSTRALIA  
18<sup>TH</sup>. –21<sup>ST</sup>. SEPTEMBER 2003**

*UPDATE FOR DISPLAYS AND JUDGING: - OCTOBER 2001.*

Venue: Centennial Hall, Royal Adelaide Show grounds.

Dates / Times:

Tuesday 16<sup>th</sup>. Sept. – Put in and Nominations for Judging. (8 a.m. – 8 p.m.)

Wednesday 17<sup>th</sup>. Sept. – Judging and Opening Night.

Sunday 21<sup>st</sup>. Sept. – Take out and clearing of Hall. (from 5 p.m.)

General : The Conference is an Open show and entry is free.

Conference Theme : 'Orchids in the Wine State'.

Exhibitors are encouraged to incorporate this theme into their displays.

Assistance will be given with display materials, for all Exhibitors wishing this assistance.

Display Sizes and Competition : The majority of display areas will conform with the open display sites within Centennial Hall.

At this stage it is expected that live turf will be used as the base material, to mount your displays.

Some table top areas, will be available, if requested.

Displays will be judged and prize money given, also first, second and third prize cards will be presented in several different classes.

***Only Nominees who reside outside the State of South Australia, shall be permitted to exhibit cut blooms, unless prior approval is given by the Show Marshal.***

Quarantine Requirements : At this early stage, quarantine rules may change. At the appropriate time, before the Conference, final details will be supplied.

Transporting Orchids : On request, assistance will be given to transport orchids from Adelaide airport, to the venue.

Judging :

*Schedule* : This is to be ratified by representatives from the A.O.C. Judging Panel.

Show Judging will conform to A.O.C. standards.

It is envisaged that a very comprehensive schedule, exceeding the A.O.C. minimum listings, will be available.

*Prizes* :

Grand Champion Orchid will receive \$1,500.00, plus a gold medal and sash.

Section Champions each will receive \$250.00, plus bronze medal and sash.

Champion Display receives \$250.00, plus bronze medal and sash.

Other sectional prizes, i.e. perfumed, floral and photographic, will also be available.

Major Prizes and Awards, will be presented to recipients, during the Conference Banquet, on Saturday Night, 20<sup>th</sup>. September, in the Banquet Room.

First, Second and Third placing prize cards will be issued.

*Judges* : All qualified Orchid Judges who are Registrants, will be welcome to assist with the Judging, including Championship classes.

Judging teams will be selected by the Conference Registrar of Judges.

A.O.C. Award Judging will be conducted under the control of the Regional Registrar of the Regional Judging Panel, after a suitable break, following the completion of the Show Judging.

For further information, please contact David Harmer

Phone ( 08 ) 82500718 or email – [deepee@smartchat.net.au](mailto:deepee@smartchat.net.au)

If you are not yet among the 300 names on my mailing list and wish to be included, please send your name and address to, Richard Fishlock, Conference Chairperson,

Email - [fishy@arcom.com.au](mailto:fishy@arcom.com.au).

Update prepared by Richard Fishlock for Planning Committee. 04/10/2001.

**Winners of the monthly floral  
Competition**

**Lyc. (Henty x Macaba) x Sunset  
grown by Rick Pankoke**

**Paph. Venus Hold  
grown by Suzanne Wilcox**

***Paph. hirsutissimum*  
grown by D. & J. Higgs**

**CHRISTMAS DINNER**

This years SCOC Christmas dinner will be the same location as last year, **the Esplanade Hotel, 135 Esplanade, Brighton** - Cost \$7.50 a head - Menu :- Roast of the day, desert :- Ice Cream .  
When :- Sunday 2nd December commencing at midday. Please pay the treasurer at the next meeting.

**B-B-Cue**

At our final meeting for the year we will have a BBQ prior to the meeting (commencing 6.30pm), Members are asked to bring a plate for supper that night. Please advise Murray if you wish to attend.

## Daytime Group

There were 21 members and 2 visitors at the Daytime Group meeting this month and everyone there thoroughly enjoyed Colin Grigg's talk and slide presentation on Cymbidiums. It is always very interesting to hear how other people grow their orchids – no one seems to do exactly the same things as anyone else and it is a matter of listening to everyone else's methods and choosing the right things for your own conditions.

Once again we had some very nice plants benched and in the popular vote, members went for the same orchids as the ones Colin choose, but in a different order. In the popular vote first place was given to Den. Super Star 'Bright', grown by Ruth and Bill Clark, second place went to Den. Adele Fortescue X (Snow Flake X Merlin), also grown by Ruth and Bill Clark and third place went to Sarco. Pink Blossom grown by Harris and Berna Viney.

Next month we will be having an Australian Orchid Council slide presentation – remember everyone is welcome, so hope to see you all there.

Jane Higgs.

## From the Registrar

Well the main Orchid year is drawing to a close with all the major shows behind us and only the Interclub Competition still to go. I hope we will see a nice selection of orchids from our club so that we may have a chance to win back the trophy.

Even though we are coming to the end of the Cymbidium season it was pleasing to see a large selection of plants benched at the last meeting. However, with the trend to diversify into other genera we are now seeing more plants benched over the summer season than in the past. The work done over recent years in hybridising with the native Australian Cymbidiums also means that we are also seeing more Cyms. benched at the end of the year.

I apologise for missing the deadline to get the September results into the last gazette. Unfortunately we had an extremely busy month and to top it off I could not get a connection to my ISP to get the files to Ron in time. As you will see they are included in this month's edition.

I would like to thank Helmuth Gerber for providing information on Cym. Majica which I mentioned in this column September as not having a registration listing. Apparently after the cross of Cym. Mimi 'Lucifer' with Kuran 'Magic' was made by Dean Mills, the proposed name was Cym. Magica (Majika is a misspelling). This name was heavily advertised and used by many orchid growers but for unknown reasons the name was changed and registered as Cym. Willunga Magic. As many will know, this was a very successful crossing with many high quality siblings. If you have any cymbidiums which are labeled as Cym. Magica, please re-label them as Cym. Willunga Magic

I would like to thank Lesely Gunn for acting as Registrar for the Spring show Judging.

She had a heavy workload being half a Show Marshall as well. I think we had a wonderful show of which we can all be proud. I was very impressed with the display and I think Harris and Berna Viney's Cym. Without Peer 'Soft Touch' was a worthy Grand Champion. Harry tells me that it is the first time ever they have had a Grand Champion at a show so congratulations to them. It is nice to see people who have put so much time and energy into our club be rewarded for their efforts. They have been involved with the club since the early 70's

Don Higgs  
Registrar of Judges

## October Second division Results

### *Flower of the Division*

### ***Paph. Venus Hold grown by Suzanne Wilcox***

A single flower measuring 111mm across and 87mm high, being a crossing of the species Paph venustum with Paph Holdenii. Suzanne grows this in a home made pot made from a soft drink bottle with the top cut off and drain holes around the bottom. The potting mix is medium bark and perlite with marble chips at the bottom..

### Registrations This Month

*Paph.* (Novenka x Pacific Ocean) = *Paph.* November Star  
*Den.* (Rutherford Sunspot x kingianum) = *Den.* Victorian Humbug  
*Cym.* (Iunata x Rolf Bolin) = *Cym.* Valley Regent  
*Cym.* ((Lunata x Rolf Bolin) x Ruby Eyes) = *Cym.* Ruby Valley

I cannot find a registration for *Lyc.* Macaba, the nearest I could find being *Lyc.* Macama. So if the crossing is actually *Lyc.* ((Henty x Macama) x Sunset) then the registered name is *Lyc.* Alwine Miller

Class	Plant Name	Grower	Pts

**October First Division Results**  
***Flower of the Division and Flower of the Night***  
***Lyc. (Henty x Macaba) x Sunset Grown by Rick***  
***Pankoke***

This plant had 5 fully open flowers all of even size and colour, with 1 bud still to open. These flowers were highly coloured with the typical Lycaste hooded petal and labellum which was heavily marked colour wise. Rick grows this on the northern side of his house under 50% shade cloth and when the buds appear it is taken on to the back porch. (I am uncertain about the name of one of the parents in this crossing – see Registrations This Month)

# The South Coast Orchid Club of South Australia Inc.

## A NEW SPECIES CLUB?

The South Coast Orchid Club of S.A. Inc. is considering the implementation of a special interest group for the appreciation and better understanding of Species orchids.

Reasonably firm expressions of interest are needed so that we can determine the viability of such a venture and would ask you that you direct your members to reply to-

Ron Parish  
(Editor of SCOC gazette)  
P.O. Box 82  
Oaklands Park S.A. 5046  
Phone / fax 08 8298 4118  
Email vcs@ihug.com.au  
(See registration slip below)

*The following is a short description and aims of the proposed group possibly to be known as the S.C.O.C. Species Group.*

- Will meet once a month possibly on the first Tuesday of the month at a hall within then Brighton to St Marys area - at least 2 combined meetings a year with the main club; the other 9 would be stand-alone meetings.
- All shows apart from the monthly floral competition would be combined shows within the main SCOC occasions.
- Fee structure scaled in accordance with our existing fees. An option to attend the usual monthly meeting for the main Club for a small additional fee.
- Plant classes to be set up at the first few meetings.
- Monthly news gazette.
- Endeavor to obtain interesting speakers on all genera.
- All species to be included in appropriate classes (including Aust natives)
- As SCOC is a member of S.A.R.O.C. it is expected that judging for awards and monthly meetings will be in accordance with existing guidelines for species.
- Depending on member numbers one could expect at least 2 divisions e.g. novice & serious with the number of placings to determine the grading for the grower.
- The opportunity to borrow books from the Club Library

## **Here is a brief history and précis of the South Coast Orchid Club of S.A.**

- Established in the late 50's originally at Victor Harbor.
- Moved to the Morphettvale area in the 70's and then to Christie Downs.
- Moved to St Marys this year.
- Current membership is around 90 members.
- We meet at St Bernadettes Hall South Road St Marys on the second Tuesday of the month and our Daytime Group meets the Thursday following at the South Brighton Community Hall Dover Square Reserve Broadway South Brighton. All meetings of the Club are open to Visitors.

## • SUBSCRIPTION RATES

Single membership	\$20.00 pa
Concession	\$18.00 pa
Joint Membership	\$25.00 pa
Concession	\$22.50 pa

Junior

\$10.00pa

If you are interested please let us have your details by December 20 2001.  
We will keep you informed as things develop. If there is sufficient early interest then we could anticipate an inaugural meeting early in the New Year.

# The South Coast Orchid Club of South Australia Inc.

## A NEW SOUTHERN GROUP ?

The South Coast Orchid Club of S.A. Inc. is considering the implementation of a group for the appreciation and better understanding of orchids in the outer southern areas .

Reasonably firm expressions of interest are needed so that we can determine the viability of such a venture and would ask you that you direct your members to reply direct to

Ron Parish

(See registration slip below)

*The following is a short description and aims of the proposed group possibly to be known as the S.C.O.C. Southern Group.*

- Will meet once a month possibly on the first Tuesday of the month - at least 2 combined meetings a year at the usual hall; the other 9 would be stand-alone meetings.
- All shows apart from the monthly floral competition, would be combined shows within the main SCOC occasions.
- Fee structure within the range of \$20.00 full membership and scaled in accordance with our existing fees. An option to attend the usual monthly meeting for the main Club for a small additional fee.
- Plant classes to be the same as for S.C.O.C main group.
- Endeavor to obtain interesting speakers on all genera.
- Monthly news gazette.
- As SCOC is a member of S.A.R.O.C. it is expected that judging for awards and monthly meetings will be in accordance with existing. Where there are insufficient judges for a monthly meeting then placings will be by popular vote.
- Depending on member numbers one could expect at least 2 divisions e.g. novice & serious with the number of placings to determine the grading for the grower.
- The opportunity to borrow books from the Club Library

# SHOW MARSHALLS' REPORT

## SPRING SHOW – 2001 – PASADENA

After some discussion by the committee it was decided to have the S.C.O.C. Spring show at the Pasadena Foodland. This decision was fully vindicated as the show was one of our most successful.

**DISPLAY:** The floral display was arguably one of the best put on by the Club. Once again Leslie and her assistants did a marvelous job using a display format we had not used before. The display was constructed so that the back edge was against the front window of the supermarket. This cut down access to the public but using a variety of levels all plants were displayed to good effect.

**JUDGING:** Due to the change of date/venue of the show Don and Jane (2 key contributors at our shows) ,could not attend. This meant that Leslie had the unenviable job of being both show marshal and registrar of judges. Rick Pankoke assisted Leslie with her judging duties and Tony Bourne stepped in to help as a show marshal.

Although we had limited room to display the plants for judging everything seemed to go smoothly.

**TRADING TABLE:** This area was also constructed along the front window of the shop and butted up to the southern end of the display. Again a concept we had not used before. It did not matter as the trading table was one of our most successful.

**COMMENTS:** The idea of handing out flyers to the public giving them a little information about our Club was a great idea. At our last evening meeting I saw a couple of visitors carrying the pink handouts.

Thanks must go to anyone who participated in or contributed to the spring show. It was a great success and goes to show that the S.C.O.C. is able to put on a great event at short notice.

As the Spring Show was my last as show marshal I would like to thank all those who assisted me in that role over the past 2 years. It has been a privilege to help the Club in this role and on a personal note I have learnt much over past two years.

Trevor

### Late News Flash

At the Inter Club meeting 27 October S.C.O.C. came second to OCSA  
The champion orchid was Pat & Dave Harmer's Phal. Orchid World
