

The South Coast Orchid Club of SA Inc.

Gazette

**March
2011**

PRESIDENT: Geoff Spear

PATRON: Sydney Monkhouse

AT A GLANCE

The next meeting of the South Coast Orchid Club will be held at 8pm on Wednesday 2nd March 2011 at St. Bernadette's Church Hall corner of Walsh Avenue and South Road, St. Marys. Our guest speaker will be Kevin Catermole from Napperby who will be talking about Heat Conditions and How to Survive.

PENCILLERS' GROUP 7.15pm under main building car port or weather permitting upstairs.

BEGINNERS' CLASS 7.15pm with Geoff Spear in main building or weather permitting upstairs. Geoff will discuss Cym.

DAYTIME CHAPTER - SILVER ANNIVERSARY

The next meeting will be held at Lou Kesting Hall, off Broadway, South Brighton on Thursday 10th March 2011 at 2pm. The guest speaker John Gay will talk on Cattleyas.

SOUTHERN REGIONAL GROUP

The next meeting will be held at 2pm on Sunday 20th March 2011 in Carrickalinga House, 17-19 Torrens Street, Victor Harbor. The guest speaker is Geoff Spear who will speak and give a practical demonstration on his favourite genera, Cymbidiums..

ORCHID CALENDAR FOR 2011

AUTUMN SHOW	Sunday 1st May to Sunday 8th May
SOUTHERN ORCHID VISIT	Sunday 5th June – Sims Orchids, Goolwa Hotel and Nico's Nursery
SAROC FAIR	Saturday 11th June and Sunday 12th June
WINTER SHOW	Sunday 24th July to Saturday 30th July at Hallett Cove Shopping Centre
SPRING SHOW	Sunday 18th September to Saturday 24th September at Arndale Shopping Centre
SOUTHERN GROUP WORKSHOP	Friday 21st October
MAIN GROUP WORKSHOP	Saturday 29th October

BEGINNERS' CLASS PROGRAMME 2011

<u>DATE</u>	<u>SPEAKER</u>	<u>SUBJECT</u>
March 2nd	Geoff Spear	Cymbidiums
April 6th		Shade House Maintenance
May 4th		Fertilizing
June 1st	John Gay	Cattleyas
July 6th		Preparing plants for the Show
August 3rd		Repotting
September 7th		Cymbidiums
October 5th		Looking after your plants after the Spring Show
November 2nd		Preparing your plants for 2012

BIRTHDAY CONGRATULATIONS

Nina Cockington, Mark Fisher, Jim Fogarasi, Joylene Grund, Peter Haltis, Helmut Herman, Moyna Leedham, Andy Lutz, Leo Minenko, Grace Noll, Josephine Ogrowski, Irene Parish, Barbara Zeigler, Clyde Zeigler.

BIRTHDAY DRAW Is your name in the book?

LUCKY NAME BADGE Make sure you wear your Name Badge, you may win a prize.

PLANTS WANTED

Members, you may have plants you would like to donate to the Club. The Club always gives new members a plant. You may be able to help. Please phone Lucy on 8381 4420.
P.S. Old wrapping paper and ties would also be appreciated.

MEMBERS PLEASE TAKE NOTE

Lobethal Lights – we need to know how many members would like to book in to see the lights. Buses are in great demand at this time of the year.
You may pay Judy \$5.00 single \$10.00 double each month, or pay later. **BUT** we must have confirmation on how many are going.

WORKSHOP IN APRIL

I have been asked to contribute to the workshop next month and I would like to make my contribution relevant to the members.
With this in mind I am seeking your suggestions of what you would like me to do or talk about. I can be contacted by email – rwilson@health.on.net – or please speak to me at the March meeting
Thank you
Richard Wilson

BUS TRIP, SUNDAY 5th JUNE, 2011

Sims Orchids, Goolwa Hotel, Nicos.

Bus departs from Lou Kesting Hall, Dover Square, South Brighton.

Bus leaves:	9.15am sharp
Moss and Rosemary Bray's:	10.15am – Morning Tea
Departure time approximately	11.15am
Goolwa Hotel: approximately	12 noon
Departure time approximately	1.45pm
Nico's Nursery:	2.30pm
Home: approximately	4.30pm – 5.00pm

Nico's Nursery is at Myponga. The nursery is a Wholesale Plant Nursery and supplies most of the large nurseries. He specialises in Cyms and Phalaenopsis.

Cost per person is \$44.00.

You may pay the Treasurer \$11.00 per month for 1 person or \$22.00 per month for a couple.

This costing includes lunch.

The Club will need 35 members to cover the cost of the trip.

Please book in ASAP, so we can make final arrangements.

LOBETHAL CHRISTMAS LIGHTS BUS TRIP – SATURDAY, 17TH DECEMBER, 2011

Bus leaves from Lou Kesting Hall, Dover Square, South Brighton.

Departure time: 5.30pm sharp

Meal at Cuddly Creek

Return 11.30pm

Cost: \$55.00 includes meal. You may pay the Treasurer \$5.00 per month for a single or \$10.00 for a double.

Please book ASAP so we can make final arrangements.

WORLD ORCHID CONFERENCE SINGAPORE 2011

Everything is now falling into place. The dates are set. More information is available at

www.easyorchids.com/WOC-Tour

SHOW RULES

Any member may object to the granting of a prize at a Show providing that he/she shall deliver such objection in writing to the Registrar or the Secretary during the period of the Show, accompanied by a fee of \$10.00 which shall be forfeited if the objection fails.

The decision of Committee shall be final and binding regarding any complaint, false declarations or objections of any kind pertaining to Shows.

Any flower or inflorescence competing at any show or meeting must have been owned by exhibitor for the preceding 6 months.

A person may exhibit at any cultural meetings or shows (being Autumn, Winter or Spring) upon payment of the fees at the time and who's application is accepted by majority of Committee present at the time.

NEW MEMBERS

The President and Committee on behalf of our Club welcome the following new members:

Vicki Hagan Barbara Thompson

We hope you will have a very rewarding time with our Club.

CONGRATULATIONS

From Committee and Members: Wendy Lodge & Colin Campbell (South Coast Orchid Club), Steve Howard (Gawler Districts Orchid Club) and Bob and Margaret Rankin (Port Augusta Orchid Club) are now qualified A.O.C. Judges. South Coast Orchid Club send their congratulations, we hope you have many years judging these exotic blooms.

PROMOTION

Committee and members send congratulations to David and Kay Cammack, who are now promoted to Open Division.

SICK LIST

Two of our members have been in hospital. Geraldine Flavel and Rob Worden. We hope you will soon make a complete recovery and can join us once again.

REQUEST

Please check your collections. You may have a surplus of Oncidiums and/or Air Plants (not TALAN-SIA). The club needs small plants of these genera for mounting. Maybe you can help. If so please bring them to the next meeting and give them to Lucy Spear. Your donation would be greatly appreciated. This is for a project to raise money for our Club.

PRESIDENT'S MESSAGE

2011 I feel is going to be a great year. We have all learnt how to cope with our plants during the hot spells.

Our February speaker, Michael Matthews, gave us a wonderful presentation on the Taiwan Conference. I have known Michael for many years, but it was so nice to have the time to chat and learn such a lot from this very talented gentleman.

Let's see what we have planned for 2011.

Exciting meetings with great speakers, some you have heard before others you may not have. Michael Matthews started the year off with a top class meeting.

MAY – Our Autumn Show - a few surprises.

JUNE – A bus trip to Sims Orchids (Moss and Rosemary Bray) always a favourite, lunch at Goolwa Hotel, on the way back a visit to Nico de Jong's Nursery. A wonderful opportunity to see a wholesale nursery which supplies pot plants and seedlings to all the big nurseries. He specialises in Phalaenopsis and Cymbidiums. Plants for sale.

S.A.R.O.C. FAIR – trying to get the theme from Lucy is like pulling teeth.

JULY – Daytime Chapter turns 25 years. Special plans on the way.

Winter Show at Hallett Cove Shopping Centre. We have been given a new site in a busier position.

AUGUST – Southern Regional Group Show. Well worth a drive down to have a look.

National Cymbidium Show – The Cym Club has invited us to have a selling stand to promote our Club (in back room same as last Conference). We can sell mixed orchid genera and companion plants.

SEPTEMBER – Spring Show at Arndale. Always a popular site.

OCTOBER – Visit the Botanical Gardens on the 9th. An hour long tour leaves the Kiosk at 10.30am. This is a very interesting tour. The rest of the day is for you to enjoy, you may like to have lunch at the Kiosk or bring a picnic to have on the lawns.

OCTOBER – Workshop at Judy and Rod McRedmond's home. Book in early this is a workshop with a difference.

Presidents Report (cont.)

NOVEMBER – Interstate Speaker, Kevin Hipkins of Royale Orchids.

DECEMBER – Lobethal Lights (you all asked for a repeat). We did this tour in 2009. Book early.

We hope you enjoy the year we have planned for you.

Keep cool and good growing.
Geoff.

DAYTIME CHAPTER REPORT

Hi Everyone,

I hope you all had a wonderful Christmas and are now well and totally on top of the New Year celebrations. Now it's time to get stuck into it again, feeding and watering your orchids to get good results, as they say, reward for effort.

Our meeting today was a very informative and an enjoyable one. Rod and Judy McRedmond were our guest speakers with a Power Point presentation showing the different types of shade-houses of some of our members. I gave us an idea of what can be achieved, the different cloths used, fertilizing procedures, watering equipment and what can be achieved with a bit of effort. The presentation was very well constructed and done with a lot of thought. The colour was very good and really made all the orchids look very green and healthy and to have the owners as well in the shade-house was a lovely touch. I am sure that they all felt very proud of themselves. Well done to you all and thanks to Rod and Judy for sharing this presentation with us. I am sure that it's given us all food for thought and perhaps something new that we could all try. The hints and tips were a great idea. Some of the members were truly amazed at the quality of orchids that some of the growers had. It was a real eye-opener for some.

Apologies today came from Don and Audrey Biebrick, Eva Soar, Peter and Geraldine Flavel, Shirley Gordon, and Margaret Wagner. We missed you but hope to see you all again soon. Take care.

Geoff did our plant commentary again today. Not much on the display table but it was nice to see what was available. All were well grown and nicely presented. Thanks. Ralph and Heather Lucas were the owners of the plant voted best in display, a lovely cocktail size Phalaenopsis named Ken Patterson 'BEST' x BR PEACOCK 'BROO' x SIBLINK. It had just a single flower of pale yellow with red/pink markings. Very pretty. Congratulations and well done Ralf and Heather.

Mr. Bill Clark bought in some photos that he had taken over a period of time of his Stanhopea Orchid with the flower coming out, great shots and interesting to see. Bill said that it had 2 spikes with 3 flowers and 4 spikes with 2 flowers on it. It must have looked beautiful and the perfume would have been lovely. Bill grows the plant on his patio above his ferns which he sprays every day. They love the humidity. His cousin, who lives in Sydney, gave him the plant. Sydney is much more humid than here, so it seems quite happy in the environment. Thanks Bill, it's a pity that they are so hard to transport as the flower grows out of the bottom of the pot and only lasts a couple of days. OK if you have a van to hang them up in.

The meeting was closed thanking all in attendance. A cuppa and a chat next on the agenda

Bye
Dorothy
8277 1793

SOUTHERN REGIONAL GROUP

Our first meeting of the year was on Feb 20th. We had 5 orchids on display being *Encyclia cochliata* (3), *Epi. Bees Knees* x *Epi. venosum* and *Gongora galeata*.

Noel bought in a *Colmanara Wildcat* 5 just for show and discussed the plant with us.

Our beginners' class had 13 participants. A good turnout. All were hanging on to Geoff Spear's every word.

We had 23 members present at the meeting and a new member, Marilyn Jelfs. Welcome Marilyn.

Mrs. Pat Chigwidden has become an honorary member of our club. She will be opening the SRG Orchid show on 4th August.

Geoff Spear presented Eileen Pinnock with the trophy for the highest aggregate points for Australian Native Orchids. Geoff also presented Keith Sutton with a certificate for the Reg Shooter Award.

New member Peter Crighton was presented with a plant and name badge.

Iris is leaving us to go to Tasmania. Iris has been a tireless worker in the background typing articles for our Gazette. Thankyou Iris for all your hard work in the past and for your continued support in the future from afar. Iris will continue to do the typing from Tasmania. Bon Voyage from us all.

A Power Point presentation by Rod and Judy McRedmond took us into their orchid houses and the orchid houses of Geoff and Lucy Spear, John and Bev Gay, Ann Briggs, Tony Bourne, Henk and Erna van Leuveren, Noel Oliver, Pauline and Mark Hockey and Tony and Lyn Fisher. A very interesting hour with tips on air, light, shade cloth, fertilizing, watering and lots of lovely orchids to see. Very enjoyable. A big thank you from all of us.

Noel Oliver and Colin Campbell judged the plants. Not many today. Plant of the day was *Encyclia cochleata* owned by Eileen Pinnock. The members' choice was *Epidendrum Bees Knees* also grown by Eileen Pinnock.

Our March speaker will be Geoff Spear.

A big thankyou from Sid James to Joan McMahon, Reg Clifford and Noel Oliver for assisting him to pot up his orchids.

Lyn Davey

SRG February Results List - Second Division

Grower Number	Placing	Plant Name
---------------	---------	------------

Laeliinae species All Cattleya Alliance

Phalaenopsis &/or Dor. - Standard over 80mm

4 Dtps. [(Gaerlella x Eagle Rock) x Viewbone 'Best'] Paul & Donja Hayes (1129) 3

February Plant Commentary:

Best in Open Division and Flower of the Night: *R/c. (B/c.) Makaha Gold x (C.) Chocolate Drop* benched by Richard and Beryl Wilson. 'A pot full of plant' bearing four inflorescences, one with five flowers and the other three with three flowers which were 75 – 85mm across and approximately 95 mm tall. Sepals and petals were orange brown in colour with some yellow shading towards the centre. The labellum was bright yellow on the inner surface shading to light brown at the tip of the mid-lobe where there was also a small amount of red blotching which complimented the other colours of the flowers.

Best in First Division: *Epi.* (Orange Blaze x Pacific Glory) benched by Pauline and Mark Hockey). A very nice hybrid with two inflorescences bearing ten and five fully open flowers with additional buds still to open. The sepals and petals were orange-red and the wide petals produced nicely filled in flowers. The labellum, giving this group of plants the common name of 'crucifix orchid' is upright and in the form of a cross. Labellum colour was similar to the colour of the other segments but a little lighter and was more yellow at the base.

Best in Second Division: *Paph.* Liemianum x Dalla benched by Trevor Stutley. A very attractive novelty Paph. on a well grown clean plant. Flowers 85mm across by 75mm tall. The dorsal sepal was striped in brown on a background of lighter greenish brown with a wide pale green margin around the edge. The upper halves of the petals were deep mahogany/maroon, the lower half with a similar coloured linear stripes on a greenish background and there were many fine hairs around both top and bottom edges. The labellum was brown with a fine light green border at the opening. The ventral sepal was green.

CYMBIDIUMS

Growers of Cymbidiums who have succeeded in negotiating the recent hot weather with little or no damage to their plants are to be congratulated, however, with the approach of Autumn, considerable sting has gone out of the sun and now is a good time to attend to your plants and obtain the best results from the forth coming flowing season.

Cyms will benefit from a dose of your favourite feeding on a regular basis be it liquid fertilizer of solid.

Flowing spikes will have appeared from the base of mature bulbs or will be breaking through the outer most leaves at the base on new growths. They will continue to appear over the next few months, it is wise to turn the plant and face the developing flower spikes in a northerly direction thus eliminating unsightly bends in the spikes as it develops. If you have any insects, fungal or bacterial problems now is the time to combat these before flower buds emerge from the sheath, if you have succeeded avoiding such problems don't rest on your laurels but apply a cover spray for prevention, it is far easier to prevent a problem rather than waiting till it has a hold. Again use your favourite spray & program. Remember to always water before you fertilize.

If you are troubled with red spider or mite you will find maverik + white oil mixed very effective. Slugs and snails are about and should be eliminated long before flowering season. There are a number of good baits available. Another pest is mice, they eat the pollen caps from the flowers making them useless for cut flowers or showing, a most useful method, is a length of plastic tubing with a cap one end with mouse bait placed inside it, this will then be kept dry and away from your pets.

Air movement is of great importance and is a great help in controlling fungal and bacterial out breaks. A circulating fan of some description will be beneficial in a glass house especially at night due to moist and humid conditions, fungal spors germinate with alarming rapidity. A few minutes spent daily in the glass house or shade house with the trained eye of a grower ascertains any change in growth habit or diseased development. This will pay handsome dividends when the flowering season commences the flower spikes and eventual flowering is the culmination of 12 months growing and each grower should be prepared to spend a little extra daily time, to ensure this flowering is unimpaired.

Good and Happy Growing times.
