**VALE**

Mr. Colin Bruce Campbell passed away on September 23<sup>rd</sup> 2012.

Colin and his wife Anne enjoyed a family membership and Colin was a South Coast Judge.

Colin also assisted with the judging for the Southern Region Group. He always attended SRG workshops passing on his knowledge on how to grow paphiopedilums.

Colin was a very respected and loved member of our Club so Rest in Peace Colin. It was our privilege and an honour to have know you.

Condolences to Anne and Family.

**GIANT CHRISTMAS RAFFLE – ALUMINIUM POTTING BENCH**

The SCOCSA committee has arranged to have an Aluminium Potting Bench as the prize for the Club's Christmas Raffle. Thank you members for your donations to date.

The Committee thanks you in anticipation.

**Please note that there has been no increase in membership fees for next year.**

## **PRESIDENT'S MESSAGE**

Sadly, we have lost four of our members during August and September. It has been a sad time for many members.

- 1.8.2012 Southern Region Group member, Helen Wheaton (Trevor's wife).
- 1.8.2012 Alan Pavy – Alan was a new member.
- 24.8.2012 Daytime Chapter and Main Meeting member Joan Kelly. Joan was a member for 40 years.
- 23.9.2012 Colin Campbell – A member and a Judge.

Unfortunately, I could not attend three of the funerals as I was not well myself but the Club was represented. Lucy and I did attend Colin's funeral along with all South Coast Judges. Colin's funeral was attended by many people.

The last twelve months have been a difficult time for me. I seemed to have no reaction to my Radiotherapy treatment at all for twelve months and then down the track it seemed to really hit me. Never mind, I now have good reports from all specialists and I feel great. Thank you to all that kept the ball rolling.

Now November is here and I am back on deck for all the Christmas festivities. Time to bring out the red suit again!

Looking at the programme for 2013, it appears to be shaping up very well. The Club has a bus trip (not a long one this time) almost organised. We will fill you all in on the details next month.

We have an appointment next week with Centro Management at Pasadena. They are putting in fixed kiosks. If we have enough room we will be back there again for a Show. This was our site a few years ago, an excellent location.

We still have two spaces for guest speakers for our 2013 meetings. This is your opportunity to make a request. Is there a guest speaker out there you would like us to invite to speak at a meeting?

Now that we are cutting off the last of our cymbidium spikes for the year you should be ensuring that any of your cymbidiums which need repotting are repotted as soon as possible, thus giving them the chance to recover and produce beautiful florescences for you again in 2013.

Good growing and showing,

Geoff.

## **DAYTIME CHAPTER**

Hi Everyone,

Well, what a real treat we had at our meeting today. The weather outside was a bit miserable but inside we were all warm and cosy with an excellent guest speaker, Mr. Steve Howard. Steve gave us all a great insight into the enjoyment of growing many different varieties of Australian Natives. He explained in depth his method of growing, mounting/potting and fertilizing these many varied shapes and sizes of orchids. He also brought along many different plants to show us, all growing very happily in many different ways. The members were all intrigued and asked many questions. Steve's plants were passed around for everyone to look at closely and once again I'm sure many members found something new to want to try out at home. So thanks Steve for a job very professionally done. Steve is a judge and a member of other Clubs so he is learning himself all the time.

Apologies today from Josephine Ogrowski, Peter Flavel and Patti Abel. Best wishes to you and hope to see you all again soon.

Geoff was with us today, looking much better but still needs to take it easy. We all wish him peace of mind and good health for a long long time. Geoff did the plant commentary today with his usual flair, so thank you Geoff.

Geraldine and Peter Flavel's plant, a beautiful green coloured Catasetum, a plant with many lovely unusual flowers, was voted best in display in our Popular Vote segment today. Thanks Geraldine for bringing it in for all to see. It is such an unusual flowering plant. You don't see many of that particular genera around. A big thank you to everyone who brought in plants for us all to enjoy. They were all very well grown and presented.

The meeting was closed after another great day.  
A lovely get together of sharing and friendship.

Thanking all in attendance.

Bye Dorothy,  
8277-1793.

### **Meeting Sunday 21st October**

Geoff, Lucy and Dorothy visited Hugh Sinclair in hospital prior to the meeting.

**Beginners' Class:** The class discussed the planning for 2013.

**Meeting:** The meeting opened at 2:00 pm. And was chaired by President Geoff Spear. Geoff was impressed with so many wonderful plants that were bought in by the members. The judge, Noel Oliver, had his work cut out choosing a winner.

**Apologies:** Shirley Grieg and Hugh Sinclair

**Visitor:** Warren Thomas

**Colin Campbell:** Noel Oliver spoke about Colin Campbell and read a letter from his wife, Anne, stating how much he enjoyed his time with the SR Group and his love of orchids.

**Guest Speaker:** Geoff introduced George Abell who gave a great presentation of his wonderful Sarcs. He also broke up and re-potted plants. Members had fun buying George's plants and Magic Beans.

**Plant and Name Badges:** Bill and Rosalynne Kingston were presented with their name badges and introductory plants.

**Christmas Lunch:** Will be at the Middleton Tavern on Sunday 16th December 2012. Please be seated by 1130 am.

**Judging:** The Plant of the Day was Bc. Brummel Zoah benched by Keith and Rus Sutton.

The Popular Vote also went to Bc. Brummel Zoah benched by Keith and Rus Sutton.

**Judge's commentary:** By Noel Oliver

The Flower of the Day was Bc. Brummel Zoah benched by Keith and Russ Sutton.

A lovely Cattleya of standard shape, over 100mm, growing in a six inch pot. It had two flowers fully open and two buds. The plant was very well presented. It was a mauve colour with a very striking lip and very flat and round in shape.

Congratulations to Keith and Russ Sutton. This plant was well worthy of being Plant of the day.

## Southern Region Group Workshop Friday 19th October 2012

Twenty-eight members attended the workshop. It was a lovely day where the weather as kind to us, although slightly chilly by the afternoon.

The Workshop was one of the most informative held where all speakers gave a great deal of their time, passing on the great knowledge that they have gained over the years.

Noel Oliver (a Judge) spoke on dividing and preparing plants for shows including how to fill out the labels correctly.

John Gay (a judge) spoke on catleyas, how to divide them , how to fill out labels and also how to utilize many of the things that we all have around the home to use as props for our orchids.

Geoff Spear ( President and Convenor Southern Region Group) talked and demonstrated cymbidium breakup and also preparing plants for shows.

Dorothy Carassai (Convenor Daytime Chapter and Show Trading table Organiser) prepared notes to members on how to have a successful trading table. These notes will be typed out by Helen Humphries, (a member from Second Valley), so that we can all have a copy and the benefit from these notes.

Thank you to all the above members for a great day and last but not least, thank you to Reg and Elsie Clifford for all their hard work. They were perfect hosts.

## October Plant Commentary

**Flower of Open Division and Flower of the Night:** *Dendrobium striolatum* 'Leedham' was benched by Lucy and Geoff Spear. The plant was mounted on a section of of a house brick; well grown and flowered with many typical striolatum type flowers, very fresh and clean. There were too many flowers to count and I was told that there were more a week earlier. The flowers were approximately 27mm wide by 25 mm high, yellow in colour with a white frilly labellum. An excellent specimen plant and credit to the growers for the culture exhibited.

Well done Lucy and Geoff, you are growing your orchids exceptionally well.

There were 19 plants benched in Open Division on the night.

## **October Plant Commentary (cont.)**

**Flower of First Division:** *Dendrobium x delicatum* was benched by Rito and Rosetta Silvestri. This plant was only a smallish plant by the usual "Silvestri standard;" well grown and flowered with twelve upright inflorescences carrying as many as 16 flowers on an inflorescence. The flowers were of the smaller delicatum type flowers very fresh and clean.

The flowers were approximately 20mm wide by 23 mm high creamy white in colour highlighted with a faint pinkish tinge and a spotted labellum. An excellent specimen plant and credit to the growers for the culture exhibited.

Well done Rito and Rosetta, keep up the good work.

There were 16 plants benched in First Division on the night.

**Flower of Second Division:** *Cymbidium* Devon Shell 'No.2' was benched by Michael Willoughby and Oui Ju this plant was very well grown and carried 15 inflorescences averaging around 24 flowers per inflorescences. The flowers were very clean and fresh, a fawny tan in colour with darker pinkish stripes on the petals and sepals., The labellum sat flat and was very attractive with a two toned burgundy coloured; blotched with a different burgundy tone edged front and back in white, with golden yellow keels with burgundy spotting, highlighted with a creamy white pollen cap.

Another well grown *Cymbidium* plant presented by Michael and Oui, you guys are certainly growing and presenting your plants very well. Keep up the good work Michael & Oui.

There were 35 plants benched on the night.
