And  
Malcolm Guy for his Australian Native

## **JUDGING FOR MAIN MEETING**

REGISTRAR – R Shooter

OPEN – G Zerbe, N Oliver      PENCILLOR – P Flavel      STUDENT JUDGE – M Campbell

FIRST – R Fishlock, J Gay      PENCILLOR – G Flavel      STUDENT JUDGE – W Lodge

SECOND – H Fishlock      PENCILLOR – M Tiggerman      STUDENT JUDGE – B Lyttle

Judges to arrive early – R Shooter and N Oliver

## **WHAT'S ON BEFORE THE MEETING**

Trading Table - Lucky Square - The Library - Beginners Group - Raffle Tickets - Plants for Sale

## **OUR GUEST SPEAKER**

Kev McLean (Only called Kevin when in trouble)

Born and grew up roaming the Prospect/ North Adelaide area. Went to local schools and Adelaide Uni for a Science Degree in Biological Science. Ironically not in plant studies but mainly in Zoology and Biochemistry. Also did Diploma of Education and taught Science, Maths, and Biology at Croydon and Gilles Plains High Schools. Met a bubbly girl called Pauline at Uni and married her in 1974. She got her first job at Adelaide Orchids where she established a laboratory for tissue culture, which was new to the orchid world at that time. We set up our own lab at home in a spare bedroom due to a request from a specific cymbidium grower. Since then things have grown to the point at which I gave up teaching in 1981 and have been full time in the lab ever since. We shifted the lab into a purpose built building in the back yard and have built another area on a spare block. At the moment we employ 2 workers, mainly doing cymbidium seedlings and mericlones, but also bits and pieces of most other genera.

## **SOUTHERN REGIONAL GROUP**

Apologies to you all as last monthly Southern Regional Group segment was not put into August Gazette.

Congratulations to Eileen Pinnock for the Best Plant of the Show. You all need to be Congratulated on your Show and the Craft Fair Displays. The number of plants and the quality was a great effort. Members who have the internet site will have seen Nina with her Without Peer Soft Touch and the Craft Fair Photos Ronda sent Ron. We tried to put the photo of Eileen and Pat up but we only had the Argus Newspaper photo and we couldn't scan the photo.

Christmas Lunch – 11:30am, at Urimbirra Restaurant. Price - \$17.00 for a 3 course meal, before the December Main Meeting. I'm sure you all agree this is a great Restaurant to have our Christmas Festivities and then go on to the Meeting. Next Meeting we will need to know numbers as I have put in a tentative booking for 30, and I will need to finalise this soon with the restaurant.

Thank you to Brian Lyttle for an interesting talk. It was nice for you to meet Brian as you all enjoy growing his plants.

October Meeting you will meet Kevin Trevan, our Zygo man. Kevin loves growing his favourite orchid, the Zygopetlum. His back yard is full of them so this keeps him very busy and he is a wealth of knowledge as he has been growing them for many years.

October, Geoff and I will be in Victor Harbor to find a site for your 2008 Show.

See you all on the 21st. Remember to check your calendar for the Christmas Lunch and phone me please.

## **CHRISTMAS DINNER AND MEETING on 5<sup>th</sup> December, 2007.**

Our Patron, Syd Monkhouse and wife, Shirley have accepted our invitation to attend Dinner.

### **TEXAS BULL MACHINE – CATERERS**

Christmas Dinner at 7pm, with Main Meeting at 8:30. Cost \$20.00

Menue

Whole Decorated Baked Schnapper, Champagne Leg Ham, Carved Roast Turkey, Prawns, Salami, Cabana and Metwurst. Rolls and Butter. Fresh Salads.

Salads –

Potato, Coleslaw, Beetroot, Garden Salad with French or Italian Dressing, Tomato and Cucumber, Fresh Pineapple, Mixed Bean, Watermelon, Tabouli, Curried or Tropical Rice, Apple and Celery, Fresh Mushrooms, Pasta and Zucchini.

Standard Desserts – (Choice of 2 only).

Pavlova, Selection of Cheese Cakes, Apricot Pie and Cream, Fresh Fruit Salad and Cream, Apple Pie and Cream, Plum Pudding and Cream.

The Club will provide nibbles and fruit cup. You may BYO wine, spirits or beer.

Features of the Night

Members who would like to attend Christmas Dinner, please let Judy know as soon as possible so we can organize the catering. Cost to members - \$20.00 per head. You may like to pay a little each month. The Club will also organise a Raffle for a 'Christmas Hamper'. The Club will provide some goodies to be put into the hamper. You may also like to contribute gifts.

**Bring a gift / receive a gift** -If you wish to participate in this scheme please bring along a small gift (which you would like to receive yourself) you will be given a ticket when you present your gift to enable you thru the evening to receive a like gift. A few ideas – orchids, ferns, nuts, wine etc. Something you would like to receive yourself.

During the evening, members from the Species Group will discuss many species of orchids benched on the night. You will be able to see these orchids much closer than usual.

Father and Merry Christmas have been invited.

Please bring your plants along for judging on the night.

### **LOBETHAL CHRISTMAS LIGHTS**

Enjoy a relaxing evening aboard a luxury Corston Coach, as you glide through the Adelaide Hills on your way to Lobethal, to see the wonderful display of Christmas lights, that the hills folk put up for all to enjoy. On the way, the Coach Captain will give a very interesting commentary, and I'm sure you will all learn something.

We will leave the Lou Kesting Hall, Dover Square (Day group meeting hall), off Broadway, South Brighton, at approximately 6.30pm on Wednesday 12<sup>th</sup> December 2007 having a meal at the Lobethal Sports and Recreation Club (sit-down meal).

**The Menu** will be Marinated Steak or Chicken with a Sausage, Home made Potato Bake, with fresh Home made Salads. Desert – Strawberries and Ice Cream.

Trading Table – Interesting Christmas presents, and also bags of freshly picked Cherries are for sale, along with other Hills produce.

To keep prices to a minimum we need at least 40 members and your friends to come, to cover the cost of the Coach hire. The total cost to members will be –

**\$38.00 including a 2-course meal.**

**Drinks are available from the licensed bar.**

Judy McRedmond will take your \$10.00 deposit at the next meeting and then you can pay a little each month towards the cost of the coach and your meal, so book your seat early, to have a good night out with all your orchid loving friends.

### **PRESIDENT'S MESSAGE**

Last night when I was thinking about writing my piece for the Gazette, I suddenly remembered in 2005 that I donated 50 seedlings of Dorothea Page 'Red Berret' x Wallamurra x Yowie Flame, and I said, "The first member to bring a flowering plant to a meeting would win a \$50.00 note". Well, 2008 should be the year. I wonder who will win the money. There should be a number of nice looking plants among the members. Mine is looking great, but I am not in the competition. Let me know at the next meeting how your plant is growing.

Each month I enjoy reading the Species Group segment and also the Benched Plant Commentaries.

A big Thankyou to Reg Shooter and Ian Attenborough who are both very busy people and make the

time to do such a great report each month.

When you receive this Gazette the Spring Show will be on the way. Congratulations to the Grand Champion and a big Thankyou to everyone else for a job well done. It has been a very busy year, and plants are well on the way for next year.

Good Growing  
Geoff

### ***Epic. Raniferum***

This species has canes to about 600 mm and flowers from the tip of the cane and on my plants will flower successively from this point.

The flower spike emerges then droops as the 10 to 20, 25—30 mm flowers emerge.

grow my plant in a 9 inch pot near the roof of the Cattleya House. I seems to like light and also prefers more heat.

Plants of this species have been recorded from Mexico to Brazil & Bolivia.

## **DAYTIME GROUP**

Hi Everyone,

Our Group today was treated to a great afternoon of valuable information and experience by one of our members, Mr Bill Clark. Bill has been a long time member of our Club and grows beautiful Orchids. He now looks after the Trading Table at our afternoon Group sessions and doing an excellent job. Bill brought in quite a lot of plants from home which he spoke about and then showed us a lovely collection of coloured slides taken from Shows and Displays he had visited and enjoyed. He took photos of plants and flowers that appealed to him which were then transferred to slides.

Thanks Bill for a great afternoon, and for all the time and effort you put in to make it an enjoyable afternoon for us all.

Apologies today from Don and Audrey Biebrick, Dorrie Coleman, Joan McMahon, Merle Hutchins, Joan Kelly, Ron and Irene and Geoff (who was helping Murray Bridge set up for their Orchid Show). We hope to see you all very soon.

Our display table was down in quantity this month, but we had quality instead. It certainly has been a strange growing season this year. Our popular vote was won by Mr Lance Davis, with a lovely pink specimen size plant of Den. 'Gillian Levy' X Tweed. Congratulations, Lance and well done. Lance and his wife, Barbra are new members to our Club who seem to have quite a bit of knowledge on the growing and flowering of their Orchids. Thanks also to Mr Ralph Lucas for bringing in his lovely plant of Sarah Jean 'Vapour' for us all to admire.

Our Meeting was closed after another great afternoon of friendship and sharing. Thankyou all who attended, and hoping to see you all again next month.

Bye Dorothy.

### **SOUTH COAST ORCHID CLUB BYLAWS IN RELATION TO PROMOTIONS AND SHOWS**

(2) "Exhibitor" shall mean a member of the Club who benches a plant at any show or meeting of the Club. Two or more members who have a common collection of plants may exhibit jointly during any one-year. For the purpose of prizes and promotions from one class to another, such joint exhibitors shall be regarded as a single exhibitor. Those who intend to exhibit as joint exhibitors shall notify the Registrar in writing prior to exhibiting for the first time in any show year and may not exhibit as a single exhibitor in that show year without leave of Committee-

(3) A "Second Division Exhibitor" shall mean an exhibitor who has nominated for this division. A Second Division Exhibitor shall remain so until the end of the show year during which he gains his (20<sup>th</sup>) major prize or until at least 2 years as a second division exhibitor.

(4) A "First Division Exhibitor" shall mean an exhibitor who has nominated for this division or who has graduated from the Second Division and is not an Open Division Exhibitor. A member may not exhibit in this division after he has won (40) major prizes in this division, subject to clause 2 above. Members are to exhibit in this division for at least 2 years before being promoted to the Open Division.

(5) An "Open Division Exhibitor" is an exhibitor who has nominated for this division or who has graduated from First Division.

(6) A "Major Prize" shall mean any of the following:

- \* Best in division at any Cultural Meeting, or
- \* Any First Prize at any show (Autumn, Winter, Spring) or
- \* Any First placing in any yearly aggregate section in a show year.

(7) "Show Year" means from the 1<sup>st</sup> day of January in any year, to the last day of December in the same year.

(8) "Plants" shall mean Orchid Plants.

(9) "Judges" shall mean Judges of the Club and any Judges appointed by the S.A. Regional Judging Panel.

### **GENERAL PROVISIONS**

- 2 (a) A person may exhibit at any Cultural Meetings or Shows (being Autumn, Winter, Spring)

upon payment of the fees applicable at that time and who's application is accepted by a majority of Committee present at the time.

(b) Any Open Division Exhibitor, who, has for two consecutive years, failed to win a total of (3) major prizes for those 2 years may seek Committee's approval to exhibit as a First Division Exhibitor. Any First Division Exhibitor who has for 2 years consecutive years failed to win a total of 6 major prizes may seek Committee's approval to exhibit as a Second Division Exhibitor.

(c) Any exhibitor who exhibits in any particular division in any show year cannot show in another division for that show year (whether eligible for that other division or not) without leave of the Committee.

(d) Where an exhibitor has exhibited in a higher division in any other Club in Australia, he may be prevented from exhibiting as a Second Division Exhibitor by the Committee.

(e) Any flower or inflorescence competing at any show or meeting must have been owned by the exhibitor for the proceeding 6 months.

(f) A member exhibiting in the Open Division and who also belongs to another Club may apply to the South Coast Orchid Club for dispensation to exhibit in First Division in the other Club at the discretion of the Club.

## September Results List

### Open Division

#### Australian Native Epiphyte Hybrid

385	Den. Zipalong 'Burnt Orange'	Peter & Geraldine Flavel (487)	2
386	Dopck. Gillieston Glow	Bev & John Gay (65)	1
384	Den. (Zip x falcorostrum)	Malcolm Guy (248)	1

#### Australian Native Epiphyte Species

381	Den. aemulum	Bev & John Gay (65)	3
382	Den. speciosum	Malcolm Tiggeman (465)	2
383	Den. falcorostrum	Malcolm Guy (248)	1

#### Australian Native Terrestrial Species

387	Diuris conspicullata	Malcolm Guy (248)	3
388	Caladenia latifolia	Malcolm Guy (248)	2
389	Ptst. anatona	Malcolm Guy (248)	1

424	Paph. (name unknown)	Rod & Judy McRedmond (1141)	1

### Vandaeae Intergre Species

425	Angcm. sesquipedale	Wendy Lodge (406)	3
426	Angcm. eberneum	Rod & Judy McRedmond (1141)	2

### Zygopetalum Hybrid (inc. intergenerics)

406	Zga. Maverick 'Marvel'	Tony & Lynn Fisher (488)	3
407	Npp. (Adelaide x Rymill Park)	Rod & Judy McRedmond (1141)	2

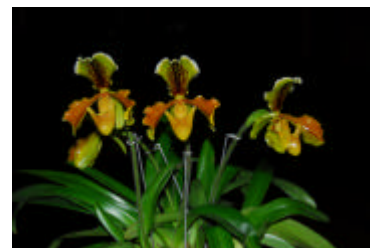

### Best in Open Division and Flower of the Night:

*Dendrobium aemulum* grown by Bev and John Gay. An Australian native, commonly called the Ironbank Orchid, found in rain and sclerophyll (hard leaf plant) forests in Queensland. A very well grown cork mounted plant with about 26 – 28 canes, most carrying at least one inflorescence and some multiply inflorescences. The small white spidery flowers, all in excellent condition, made a beautiful 'all over' display.

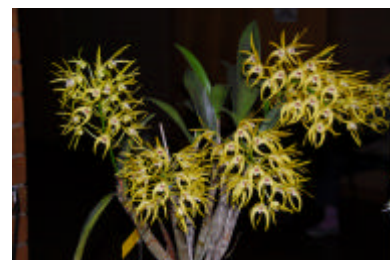

### Best in First Division:

*Paph. villosum* 'Josie' benched by Merv and Shirley Steele. A large well grown plant carrying four good sized glossy flowers, about 90mm across and 115mm tall, each on a single stem. The dorsal sepals were striped brown on a light green background and white edge, the ventral sepal light green. The upper half of the petals were brown, lower half lighter brown and the two shades divided with a darker brown stripe and the pouch glossy light brown.

### Best in Second Division:

*Den. Hilda Poxon* 'Charon' benched by Tony and Lynn Fisher. This plant had five canes carrying a single upright inflorescence with many well displayed 'meaty' or 'heavy substance' flowers. They had greenish yellow sepals and petals set off nicely with the cream striped and spotted maroon labellum.

## A few other plants benched by members:

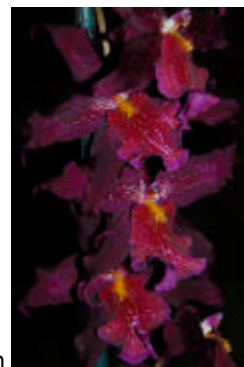

### Open Division.

*Zygopabstia* (Zba.) Kiwi 'Brian' benched by Trevor Garard. A small well grown plant with a single inflorescence bearing four well displayed flowers. This is a fourth generation hybrid with more than 50% *Z. crinitum* and 25% *Pabstia jugosa* in its background, as well as other *Zygopetalum* species. The striking flat flowers, 86mm wide and 80mm high were coloured differently from those usually seen in the *Zygopetalum* alliance. Petals and sepals were yellow spotted in maroon-brown and complimented by the white labellum with purple striping.

### First Division.

*Billra*. Marfitch 'Howard's Dream', a complex intergeneric hybrid within the *Oncidiinae* grown by Suzanne Saunders. It had a single inflorescence with ten flowers 110mm across and 95mm high. The sepals and petals were very dark red with some small lighter lavender-pink markings. The large frilled labellums were also dark red with light pink markings and a deep yellow calyx.

### Second Division.

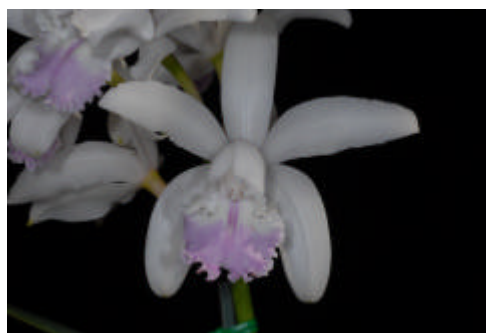

*Paph*. Venus Hold benched by Rod and Judy McRedmond, a third generation hybrid between the species *Paph. venustum* and a *Maudiae* type hybrid, *Paph. Holdenii*. A small plant with a single flower of green striped on white dorsal and ventral sepals, and green petals shading to purple/pink on the outer third of their length. Petals also had deep red warts with fine hairs distributed along their upper and lower edges, inherited from the *Paph. Holdenii*. The labellum was light greenish brown with a net of darker green veining as seen in the species parent.

## **Ian Attenborough**

### SPECIES GROUP

This month saw a reduction in numbers attending due to sickness however the 12 members attending were not disappointed as we had a good selection of species orchids to look at. Amongst the range of genera we saw representations from Australian Natives, *Cattleyas*, *Oncidiums*, *Restrepias*, and *Dendrochilum*. Size of flowers was significant with the smallest represented by *Bulbophyllum sherperdii* while the largest flower shown was *Angraecum sesquipedale*. A beautiful flowering of *C. intermedia* 'Amethystina Arrambeen' was the nicest flower for the night.

A very early flowering of *Oncidium spachalatum* caught everyone's attention and *Oncidiums* were discussed to some time.

*C. intermedia* 'Amethystina Arrambeen'

### **CULTURE DVD's**

We now have many titles of orchid culture prepared by well known local growers available thru the Club. Titles include- Culture videos for *Cymbidium*, *Cattleya*, Australian Native (4 different) *Paphiopedilum*, *Lycaste*, *Zygopetalum*, *Phalaenopsis*, *Virus Deflasking* etc,

Contact Ron for more Details

## Current Sponsors for our Club

We wish to thank the following persons who have supported us and our shows with donations etc. Members are requested to keep these people in mind when purchasing orchids and supplies
