**COMMITTEE MEETING:**

Tuesday 16th October 1990, 7.30pm at the South Brighton Community Hall.

## DAYTIME CHAPTER

The Daytime Chapter digressed from the norm last month and met at the home of Thorai and Harry Tormet. Their backyard is a sight to behold, with beautiful flowering cymbidiums, Australian natives, cattleyas, and paphiopedilums all vying for admiration along with the fushias and ferns.

The back verandah is home to species cattleyas and paphs all growing cold quite happily.

Thank you Thorai and Harry for your hospitality and allowing us to see your garden.

## NEW MEMBERS

It is with pleasure that we welcome the following new members to our Club.

Mr Ben Wilson Ms Tanya Jevnikar  
Mr J. Keizer Ms P. Keizer

## SEPTEMBER 1990 MONTHLY COMPETITION.

Registrar's choice for flower of the month was *Cymbidium* BULBARROW 'FRIAR TUCK' grown by Guest Orchids.

The crossing of the Standard Cym. Western 'Rose' with the miniature species *Cym. devonianum* has resulted in some excellent clones. Most have flowers with fine lips of strong colours. *Cym. devonianum* originates from the Himalaya region and has often been used in breeding intermediate and miniature cymbidiums.

*Cymbidium* Bulbarrow was well represented on the bench this month with at least 4 different cultivars.
